

## Palm series

Designed by Says Who, Denmark

Says Who are the designers behind Palm – a series of beautiful and comfortable chairs that elegantly balance comfort, function and design. Palm comes in many forms, surfaces, colours and formats; with a steel base, in natural FSC™-certified wood, with upholstery or without, as a stackable version fusing art, design and function, and as the beautiful and solid constant for the office nook. All versions are created with an eye for the beautiful details that make the chair as functional as it is breathtaking. The slanted legs, together with the excellent craftsmanship, ensure that your Palm chair can carry both small and large experiences for an entire lifetime.

### Meet the designer

We are Nikolaj and Kasper. We are Says Who Design. We like to tell stories through our products. Stories that add character and relevance to the user experience. We love simple, clever yet masculine design. Rawness expressed through refined details. We always strive to add personality to the product. An edge or feature that defines its use, style or statement. Good design is useful, characteristic and tells a story. It leaves a lasting impression that enriches our lives in ways we never thought of before. When design is at its best, it enriches our everyday lives and experiences.
